Zed Black High Gloss tiles are premium surface solutions that exude luxury and sophistication. Crafted with a deep, mirror-like, high-glossy surface that reflects light beautifully, enhancing the spatial depth and ambiance of any room. Ideal for both floors and walls, Zed Black tiles offer a bold, modern aesthetic that pairs effortlessly with minimalist and high-end interiors.

Engineered for durability, they are resistant to stains, scratches, and moisture, making them perfect for living rooms, lobbies, kitchens, and bathrooms. The sleek surface also ensures easy cleaning and low maintenance.

SUPER WHITE

600X
1200 MM

Radiating purity and minimal elegance, Super White tiles bring a crisp, clean aesthetic to any space. Their high-gloss finish enhances natural light, creating an open and airy feel. Perfect for modern interiors, they offer a timeless look with effortless sophistication.

Crafted for those who value clean lines and serene palettes, Super White tiles transform ordinary walls and floors into bright, refined surfaces. Their neutral brilliance acts as the perfect backdrop, allowing other elements in your design to stand out while maintaining a polished, cohesive look. Durable and stylish, these tiles are a smart choice for both residential and commercial spaces.
